Agenda Topic	Key Points Raised	Next Steps/Points of Agreement
<b>Welcome and Introductions</b>	Participants were welcomed by Jodie Dvorkin and Angie Rolle. Participants introduced themselves.	NA
<b>Overview of Meeting Goals</b>	<p>Jodie Dvorki reviewed the meeting goals, the process of reviewing the objective and strategy content, and homework that will need to be completed.</p> <ul style="list-style-type: none"> <li>• Process of Review               <ul style="list-style-type: none"> <li>○ Objective content</li> <li>○ Strategy content                   <ul style="list-style-type: none"> <li>▪ Alignment                       <ul style="list-style-type: none"> <li>• Who is doing it now?</li> <li>• Who can do it in the future?</li> </ul> </li> <li>▪ Evidence</li> <li>▪ Does capacity and resource exist or are reasonable to obtain for this strategy? 1-does not meet 2-partially meets 3-meets</li> </ul> </li> <li>○ Repeat above for all strategies</li> <li>○ Rank top 3 strategies</li> </ul> </li> </ul>	Everyone agree on the process to review the objectives and strategies

<b>Physical Activity</b>	<p>Discussed the following objectives and potential strategies that could correspond with each of the objectives:</p> <ul style="list-style-type: none"> <li>• Ensure equitable access to physical activity opportunities.</li> <li>• Promote physical activity in schools. (see link: <a href="http://www.education.state.mn.us/MDE/StuSuc/Nutr/PhyActiv/index.html">http://www.education.state.mn.us/MDE/StuSuc/Nutr/PhyActiv/index.html</a>)</li> <li>• Improve community infrastructure that will promote an environment that is safe and accessible for physical activity. (see link: <a href="http://www.cdc.gov/healthyplaces/transportation/promote_strategy.htm">http://www.cdc.gov/healthyplaces/transportation/promote_strategy.htm</a>)</li> <li>• Healthy children should have 60 minutes of moderate to vigorous physical activity daily.</li> <li>• Increase public awareness about the benefit of healthy lifestyles and cancer prevention.</li> <li>• Create physical and social environments that encourage life-long physical activity.</li> </ul>	<p>It was decided that Jodie and Angie would wordsmith the objective and strategies for the physical activity, nutrition and HPV topics based on the conversation that was held and distribute to the larger group to review before submission.</p>
<b>Nutrition</b>	<p>Discussed the following objectives and potential strategies that could correspond with each of the objectives:</p> <ul style="list-style-type: none"> <li>• Promote a healthy dietary pattern.</li> <li>• Promote healthy eating through improved food skills, affordability, availability, accessibility and infrastructure.</li> </ul>	
<b>HPV</b>	<p>Discussed the following objectives and potential strategies that could correspond with each of the objectives:</p> <ul style="list-style-type: none"> <li>• By January 1, 2020, 90% of people 13-15 years old will meet consensus national recommendations for HPV vaccination.</li> <li>• Train the whole health care system team on how to effectively recommend HPV vaccination for cancer prevention to all age-eligible patients</li> <li>• Improve public understanding of the safety of HPV vaccination as well as the importance of HPV vaccination as cancer prevention</li> </ul>	
<b>Homework</b>	<p>Jodie and Angie will compile a list of objectives, strategies, ranking of strategies, and current stakeholders based on the conversations held today during the meeting. Once completed they will send the document to the Workgroup to review the objectives, strategies, ranking of strategies and provide comments. The Workgroup will provide future stakeholders and evidence for their area of interest (physical activity, nutrition, and HPV).</p>	

**Next meeting: TBD**
